

Omnitech Institute

1800 Phoenix Blvd. Building 100 Atlanta, GA 30349 (404) 888-1800

March 24, 2020

AS we close out the first week of dealing with government imposed prevention measures for the Coronavirus, we want to remind you that we are supportive of our Omnitech family as each one of you meet the challenges of continuing with your instructional program while caring for you and your families.

To minimize possible exposure to the COVID-19 virus and to avoid the total disruption of your studies, Omnitech implemented a procedure for email or online delivery of homework assignments from your instructor to you and for the electronic transmission of completed homework assignments from you to instructors. Omnitech faculty will stay in touch with you on selected homework assignments via Omnitech online classroom, announcements, discussion boards, assignments and email features.

Make sure you communicate with your instructor (s) or appropriate staff if you have any questions.

Many people are unable to work under the given shelter in place orders; financial situations may suffer. Educate yourself and look to GA <http://www.wedd.ga.gov> for more information on unemployment.

The Center for Disease Control website <http://www.cdc.gov> is a great source of information and can offer a variety of health and safety tips. Check your county website which offers a list of local resources.

We will continue monitoring our local county/government websites and taking any actions necessary based on the situation. Remember, you are not alone during these times and we are here at Omnitech will do what we can to help you through these times.

Thank you all for your support and patience during these difficult times. Let's stay optimistic as we work together to help limit the spread of the virus. You will be informed when Omnitech will resume in person classes: we estimate to be April 06, 2020 based on the situation.

Respectfully,

Carlos Lester
President/CEO

Renee Alston
Campus Director
